

13 JULY 72

An Open Letter.

Dear Moganeeers and Morganeeres's.

Well we blew the Second Annual Morgan Concourse and our big chance to see hear and touch Peter Morgan(if you were so inclined) due to the forecast of rain, flash flood warnings, the inability of the organizers to even call out of the Penn. area and the fact that most who were to go down were just plain chicken over a little rain. The meet by the way was to be held about 50 miles from Wilkes-Barrie where they had a few inches of rain.

Norm, Dave and yours truly have been hard at work compiling information for you people, but we sure could use some help. The information is about what else Morgans.

- a) Where do you go if you cross some wires and burn you harness out?
- b) What happens if your spindles(we all know what they are) grove the wrong way and you need them fixed?
- c) What partshave you that are spare and you could sell (for Money) or trade with some one?
- d) Do you know where there are Parts available to you instead of waiting for Metro Motors or being ripped off by our local Morgan dealer?
- e) Where do you get your car repaired, is it good or do you have to explain to the mechanic where the nipples are for a lub job and that the sliding pillar is self (in a manner of speaking) lubricating?

This is the type of info we need from you to give to us , we'll compile it all and in a future publication of our semi-illiterate newspaper pass it on to you for FREE. All you have to do is call us, only five minutes of your day or night is all we require.

If you cann 't find the time for a call write, but if you don't the Great Mog in the Sky will give you the worst case of dry rot,you have ever seen.

OUR NUMBER TWO BIGGIE OF THE YEAR and Pauline Smiths favorite place to go.

July 23 Sunday at 1:00 p.m. in the back parking lot of the Cara Inn, journey forth to Terra Cotta for a little tea and morganship then return home about 5:00.

The only cost is your tea and gas ( sometimes there both about the same taste)

WOMEN and CHILDREN are cordially invited at no extra charge.

TRIBUTE  
Tribute

Our special thanks to Ms. Gene Painter for all her super work in the past months in typing up all these silly letters. Thanks Gene.

Thoughts to ponder in the next few weeks.

Colin Watson has suggested that we have an informal meeting some Saturday of Sunday here in Toronto between the hours of 2 and 4 where people just arrive meet each other, see each others car, then go home. This way people meet, talk problems and it doesn't cost any real time. On your way shopping you drop in for five say hi then leave.

Any other suggests

Next time we have a meeting we ask the MG-TF, TD, TC people come along and share mutual problems, or the Antique and Classic Car Club which has loads of info on getting cars repaired, parts etc.
